

13 August 2018 ([Feast of Sts. Pontian and Hippolytus](#))

Greetings, St. Therese Family!

I hope this update finds everyone well as we turn the corner toward the start of our 91<sup>st</sup> school year at St. Therese Catholic Academy! The school year ahead is inching ever closer and the excitement is brewing among staff, students, and parents alike! We've been busy preparing for an excellent school year, but I was also blessed to be able to take three weeks to relax, refresh, and be with family in Minnesota and Chicago as well as a brief stop at the University of Notre Dame as well. While the slow pace of July was nice while it lasted, the percolating pace of August is now here so I wanted to ensure that everyone has a clear sense of what to expect in the weeks, months, and year ahead. Hence, this e-mail. There will be additional updates sent over the next few weeks regarding extended day registration, breakfast and lunch programs, and other new and exciting ventures, but for now, here is a rundown of the basics.

Included in this update are:

- **Summer Highlights**
- **18-19 Calendars and Upcoming Events**
- **Back to School Basics: Supply Lists, Uniforms, and Summer Homework**
- **Introducing the 18-19 Dream Team (STCA Faculty and Staff)**

### **Summer Highlights**

It has been a busy and productive summer for us on campus. Here are a few points of celebration:

- **Enrollment currently stands at 151** with 11 students' families (returning and admitted) still discerning their status for the 18-19 school year. That is right where we ended last year and + 12 from where we were on this date last year!
- Our **construction project is nearing completion for our relocated and renovated office** reception area near the main entrance, AND, a **partnership with Real Networks** (Thank you, Ms. Jackson!) is underway **to increase and enhance campus security and efficiencies** utilizing facial recognition technology! More updates will come when the full scope is clarified!
- Our theme for this year will center around the story of the Good Samaritan (Luke 10: 25-37), with two questions and a command: ***“What must I do to inherit eternal life?” ... “Who is my neighbor?” ... “Go and do likewise!”***

In this vivid Biblical encounter, Jesus is pushed by a “scholar” to describe what it takes to go to heaven. While Jesus starts with the law, he focuses on a powerful and dramatic story loaded with political, cultural, and social implications for his audience seeking to break down boundaries and stereotypes. Jesus then closes with the call to act – not in the comfortable way of the authorities, but in the humble, servant-leader way of the Samaritan. Our collective work as a community this year is similar to that of the Samaritan. We are all called to recognize the realities and needs of the world and people around us – not just those we know and are comfortable with, but *especially* the strangers in our midst – and to respond to them with compassion, openness, creativity, and love. I look forward to the journey ahead!

### **Back to School Basics: Supply Lists, Uniforms, and Summer Homework**

Some of the most asked about items prior to the start of a school year by students and parents are school supplies and uniforms. Summer homework is another popular one in our community!

The [school supply lists](#) for students in Preschool-8<sup>th</sup> Grade and a basic [uniform guide](#) to help simplify things and hopefully avoid any confusion are both available on our website. Our uniform vendor is Lands' End (online and offices in Sears). Our Preferred School Number is: **900169475** and [HERE](#) is a link to Lands' End website.

The purpose of our uniform is to *unify* our community, not to promote fashion trends and consumerism/materialism. Thus, we keep it simple when it comes to our uniform – we strive to stand out with our work and our character, not our attire. We have a fee system for students/ families that do not comply with our uniform this year to better enforce this expectation.

Summer homework should be well underway, if not completed by this date. If packets have been misplaced or damaged, all [summer homework](#) is available on our website by clicking the link. Remember, summer homework is due THE FIRST DAY OF SCHOOL.

Have a blessed rest of summer, and we can't wait to see you at the Back-to-School BBQ on 8/29! God bless!
