

ST. THERESE
CATHOLIC ACADEMY

Hello Future 5th Grade Families,

This summer students are expected to complete a summer work packet. This is to reduce the "summer slide", and keep kids brains engaged and thinking! The following is what you can find in the packet:

- Reading- Students are to read a novel, of their choice. This should be "just right" book, not too hard not too easy. From there students must complete the "Book Review".
- Math- It is imperative that students practice their multiplication and division facts. Each week students are to time themselves as they complete either a multiplication or division fact sheet. On the bottom of each sheet are a couple other math equations.

In addition to the facts worksheet, students are to review concepts on www.ixl.com. Students are welcome to review any concept in the 4th grade section. However, I encourage them to pay close attention to the following:

Grade 4: A.1, B.2, O.5, D.23, E.4, N.9, Q.9, D.23, E.4, E.12

- Language Arts- Each week there is a writing prompt. Students are to use complete sentences and all their knowledge of English conventions (spelling, grammar, etc.) to answer the prompts, on the lines provided.

Packets are to be completed and ready to turn in on the first day of school. This assignment will be graded, and will impact Literature, Math, Religion and Language Arts. Good luck! I

Sincerely,
Mrs. LP

Read Books and Write a Book Review!

Read some books for fun this summer. Then write a book review of one that you really liked (or the opposite).

A good book review gives its reader a good preview of the book you've just read, but *does not give the entire story away*. You also want to tell the reader your recommendation about the book and the reasons why you *like* or *don't like* the book.

In writing your book review, make sure you are answering the following guide questions. You may use this packet for **prewriting**, then use your notes/ideas in this packet to write (or type) your book review on separate papers.

1. First Paragraph: Introduction

In the first paragraph, include the book's title, author and a general idea of what the book is about, OR your impression of it (what you think about it: for example, *well-written, thrilling, awesome, very interesting, boring, forgettable, etc.*).

Book Title: _____

Author: _____

What the book is about OR your impression of it (your overall opinion about it):

2. Second Paragraph: Summary of the Plot

What happens in the story? (Write about the important events in the story in the right order. Don't give away the entire story so as not to spoil things for the reader. Give at least five important events in the book that show how the character/s deal with the main problem in the book.)

Total Points Possible: 26

3. Third Paragraph: Recommendation and Reasons

Do you recommend this book to others? _____

Why or why not? What do you like or don't like about the book? (For examples, see ideas below.)

Does the book start in an exciting or interesting way? How so?

Does it contain a lot of action or suspense? Give examples of scenes in the book.

Are the characters interesting? Why do you think so?

Do you like the author's style and use of words? Give examples.

Is the ending a surprise, or unusual, or something you didn't predict? Explain.

Give at least 3 specific details to support your recommendation:

1. You should read/not read this book because . . .
2. You should read/not read this book because . . .
3. You should read/not read this book because . . .

4. Fourth Paragraph: Book's Message or Big Idea

What do you think is the book's message or big idea?

What message about life is the author trying to tell through the book? What lesson about life or a big idea might someone learn from reading this book? **The message or big idea is usually connected to the story's main problem that the character/s have to deal with.**

Total Points Possible: 26

Message or Idea:
What important events or details in the story (at least 2 details or events) show this message or idea?
Event or Detail 1:
Event or Detail 2:

5. Fifth paragraph: Ending sentences

Write your final words about the book. You can repeat some of your ideas or opinions but use different words. (Please don't write "The End." ☹)

Write your book review:

Using this packet, write or type a first draft of your book review in paragraph form. Have fun with it! When you are done, you should have at least five (5) paragraphs with the details required in each paragraph. Using the rubric below, check to see how many points you get.

Total Points Possible: 26

Edit and Revise your book review:

Edit and revise your draft to get the maximum points possible. Add needed details, or take out ones you don't need. Fix mistakes in spelling, capitalization, punctuation, sentences, and so on.

Publish and finalize your book review:

Publish your book review (use best handwriting, or type and print out) avoiding any last mistakes. If you wish, you can Turn in this packet along with the final version of your book review.

Scoring Rubric: one check = one point

IDEAS

Book review's first paragraph includes
☐ the title of the book,
☐ its author, and
☐☐ a general idea of what the book is about, or your impression of the book.

It has a paragraph on what happens in the book, with (at least 5) important events.
☐☐☐☐☐

It has a paragraph with your
☐ recommendation and
☐☐☐ (at least 3) details about what you like or don't like about the book.

It has a paragraph on
☐☐☐ the book's main idea or message, and
☐☐ 2 details, scenes or events in the story showing/supporting this message or idea.

ORGANIZATION and SENTENCE-FLUENCY

The book review is well-organized; paragraphs are focused on the section topic.
☐☐

The sentences and paragraphs flow as you read them.
☐☐

CONVENTIONS

Book review has *(check off one row of boxes only)*
☐☐☐☐ none or very few (3 or less) spelling, punctuation, sentence, or capitalization errors, showing that the book review was written with care.
☐☐☐ has 4 to 6 spelling, punctuation, sentence, or capitalization errors.
☐☐ has 7 to 9 spelling, punctuation, sentence, or capitalization errors.
☐ has more than 9 spelling, punctuation, sentence, or capitalization errors.

Total Points Possible: 26
